EDUCATION

GEC BHAVNAGAR
BE in Computer Science
June 2024 | Bhavnagar, Gujrat
CGPA: 7.43

ALPHA VIDHYA SANKUL
PCM in Computer Science
March 2020 | Junagadh, Gujrat
Cum. Per: 72.61 %

GAYATRI VIDHYALAYA
SSC
March 2018 | Una, Gujrat
Cum. Per: 88. %

COURSEWORK

GRADUATE
Object Oriented Programming
Data Structure And Algorithms
Database Management System
Operating System
Computer Networks

SKILLS

PROGRAMMING
Languages
Java • Dart • Swift • C
Framework & Libraries
• Flutter,Riverpod,Bloc,Provider
• Node.js , Express.js
• Firebase , MongoDB
Design Patterns
• MVC,MVVM

EXPERIENCE

SCRAPWALA | Software Engineer
May 2022 - Feb 2023 |Remote
- worked with Node.js and MongoDB. Performing authentication with JWT Token.
- Created Restful API to retrieve products list, update the product list

PROJECTS

FCB DONATION | Flutter | Dart | Node.js | Express.js | MongoDB

- Built an app where users can donate while staying at home, this app takes three types of donations Food, Clothes and Books.
- User can choose NGO nearby him and just have to fill out the donation form and send it.
- Another side NGO will accept the donation and send back a receipt where they mention the date and time when they come to your doorstep and pick up the items.
- We also have a super admin, who can add and delete NGOs.
- Features: Email-Password Authentication, Search NGOs, Have a list of NGOs by cities, NGO can accept or decline the donation

CHAT APP | Flutter | Dart |Node js | Express js | Websocket
- The chat app combines Flutter for UI.
- Node.js/Express.js for backend, WebSocket for real-time communication.
- Provider manages state, ensuring seamless user experience and efficient data handling.

JANSEVA POINT | Flutter | Dart | Firebase
- "JanSeva" is an app offering a comprehensive list of government documents along with step-by-step processes for obtaining them.
- It includes YouTube tutorials to guide users through the application process, providing a convenient and informative resource for accessing essential documentation.
- Super admin can add or delete the Documents.

GROUPCHAT APP FOR IOS | Swift | Storyboard |FireBase
- simple Group chat App using MVVM pattern

ACHIEVEMENTS

- 400+ data structure and algorithms question solved in many platforms like leetcode, geeksforgeeks, and CodeChef.
- Maximum ratings on leetcode 1441
- secured 5666 rank out of 44000 in leetcode weekly contest 389
- Participated in SSIP Hackathon which lasted for 36 hours and made a useful Application for Janseva Kendra.
- Secured second rank in hackathon and Performed Very Well At Grand Finale of Hackathon.
